

Juicy Fruits MORGENSTERN

Juicy Fruits Morgenstern

Release date: 07.02.2022

A scatter symbol, featuring the image of a Hell Star, is your main feature trigger. Have it land on the 3rd reel and the game will activate Re-Spins. You will notice that the reels, including the middle one, which have Star icons on them get locked. The remaining reels re-spin, trying to get you additional Star symbols. All Stars get transformed into the Hell Star, Scatter Symbols which get locked. Any new Star symbols appearing will trigger additional re-spins and they will also be locked. You can keep getting Star Scatters until you have them on all 5 reels. Depending on how many Stars you got scattered this way the rewards could be set to 50x, 150x and 1,000x the stake for 3, 4 or 5 symbols.
